PUBLIC COMMENT

Helen Grosso asked about the Dewey Lane Bridge resolutions.

Supervisor Schmitt said there are two grants the town received, which is why there are two resolutions.

Mrs. Grosso asked where the capital fund line is in the budget.

Supervisor Schmitt said these grants are reimbursable and the funds will be bonded.

Councilman Johnson said the town hasn't taken the money yet. The town will take the money when it is needed.

Alfred Greve, resident of Holmes asked what happened when the weir boards were pulled out to draw down the lake. Did everything go as expected?

Councilman Johnson said yes, one weir board was pulled and the lake was lowered three and one half inches.

Councilman DeRosa said he was at the dam today and the water is approximately nine and one half inches above the original concrete spillway. The level of the lake has changed since last Friday when the weir board was pulled out. The lake is one inch lower than when it was measured last week. He does not want to open the valve any more until the lake drops down because he does not want to put too much water downstream and effect the hibernating creatures in the water. He and Vinny DiMarco will be checking the valve periodically and opening it a little more once the level goes down.

Mr. Greve asked if NYS DEC was monitoring the valve and the water flow.

Councilman DeRosa said no, town representatives are monitoring it. He said pulling the weir board went according to plan.

Mark Chipkin, resident from 60 Hurds Corner Road, thanked Town Board members individually, the Town Clerk and Town Attorney for everything they do. He appreciated the communication that has happened and he looked forward to working with the town on how Hurds Corner Road will be redone and he hoped the communication would continue.

The motion to adjourn the meeting was made by Councilman Johnson, seconded by Supervisor Schmitt at 7:50 PM, motion passed unanimously.
